Lincoln DentalConnect(sm) plan

Three Digit ZIP Code Area: 618

Lincoln Financial Group's Lincoln DentalConnect program brings many distinct advantages including an expanded nationwide network of Participating Dentists. Participating Dentists are dentists who have agreed to provide dental services at negotiated rates. Our goal is to offer dental plans that apply discounted fees to a broad range of dental services, while allowing you to choose your dentist every time you receive dental care.

Participating dentists have agreed to accept discounted fees as full payment for covered services. You are still responsible to pay your deductible and coinsurance. But, your out-of-pocket expenses should be lower when you use a Participating Dentist.

Lincoln Financial Group has made reasonable efforts to assure that the list of participating dentists is accurate and up-to-date. However, a dentist's participation status may change. It is your responsibility to verify network participation when you make an appointment and visit your dentist. Benefits will be based on the dentist's participation status on the date services are received.

Including a dental specialty or dentist's name in the directory does not imply that benefits for certain services are provided by your group policy. To determine if services are covered, refer to your certificate of coverage or call our Client Services Department at (800) 423 - 2765.

You may send dental claims and questions about your dental plan or the dental network to:

**Lincoln Financial Group
Dental Claims Input Center
P.O. Box 614008
Orlando, FL 32861-0001**

If you need a current list of participating dentists or want to see if a specific dentist is in the network, you can access our web site at www.LFG.com. You can also request this information by calling Client Services.

Participating dentists have passed an extensive credentialing process. However, Lincoln Financial Group does not control or guarantee the services of any dentist.
